## Laptops Price List – April 2008

We recommend and supply the Asus range of laptops computers. Asus are one of the largest computer hardware manufacturers in the world with an annual turnover in excess of \$20 billion. We are Asus authorised resellers.

### **The benefits of choosing an Asus laptop are:**

- ▶ 2-year global warranty. In the UK, a collect and return service is provided as standard.
- ▶ Carry case and optical mouse included.
- ▶ Zero Bright Dot policy on selected laptops guarantees a replacement panel if any bright dots are found within 30 days of purchase.
- ▶ All ASUS notebooks are designed and manufactured in ISO 9001-certified laboratories and factories, assuring products of the highest quality.

All laptops are available either as boxed units or fully set up with pre-delivery inspection, delivery and installation by us in mainland North Ayrshire. The prices given here are for fully set up, delivered and installed laptops. Please contact us for boxed prices.
